

Cup of Grace Coffeehouse

presents:

2PLUS CHANGE

Husband and wife team, Vicki and Rick Ethier, share the change brought about by God's love as they present their original music and words under the name "2PLUS CHANGE".

Vicki writes songs that express this process of change through God's love and mercy. "Because God "so loved the world".....in sending His son Jesus to rescue us from sin and death...we will forever praise Him!" (Vicki & Rick).

Believing that "funny" can drive a point home, some of their songs come from the "comic side" of life..... "Remember that laughter is all it was meant to be... good for the soul, and a gift from God!"
